

Volunteer Information Sheet

There are multiple levels of involvement possible with Pathfinders. Here are some of the options.

Counselor:

Counselors are asked to be at Pathfinders' scheduled meetings, including staff meetings. A counselor helps with supervision and provides guidance to the kids. Each counselor has a specific unit of kids assigned for him or her to work with.

Counselors are also expected to come on campouts and most other scheduled events to help with supervision and join in the fun times. If able to help provide transportation, this is even better. If a counselor wishes, they can also possibly teach a craft, otherwise they would help with supervision at a craft another staff or community member is teaching.

Craft Instructor:

Craft nights are held approximately every other week and so this level of involvement does not pull as much scheduled time as being a counselor would. Of course there still may be some craft preparation time needed outside of the regularly scheduled craft nights. If you would like to help out with a craft, please call or e-mail and let us know the different crafts you might be able to teach. To see a list visit www.pathfindersonline.org and click on Honors and then AY Honor Requirements.

Host a Special Event:

If you would like to be involved, but just a little, here is an idea. You could host a special event at your home or other location for an extra fun night for the kids. Ideas are welcome.

Driver:

For some of our special events (i.e. Bike-a-thon, Pathfinder Fair, etc.) we sometimes are tight on getting enough drivers. If you would like to be called to see if you are available for these trips, please let us know.

Donations:

Donations don't take much time if you would like to help out, but have no time. They are always appreciated and help make a difference for the kids. Money can be earmarked for scholarships, camping equipment, food for a campout, special events, the year's mission project, or just for the general fund.

For questions or to volunteer to be involved in some way with the Howell Mountaineers Pathfinder Club, please contact the directors.
